

Safe Place Revision

“The first edition of *Safe Place* was published nearly two decades ago. In many respects, it was a ground-breaking work. Revelations of child abuse within the community of faith were slowly coming to light. Due to the foresight of Alliance leaders, *Safe Place* became one of the few reference materials easily available and easily implemented by local churches. I am certain that those congregations that implemented *Safe Place* as a part of the church’s ministry practice were better off for having done so. This most recent edition carries on that tradition,” says Rev. Daniel Wetzel, former Vice President of Church Ministries.

“This [new] edition of *Safe Place* is being published in cooperation with Plan to Protect, a ministry that grew out of the Canadian C&MA. It combines recent insight, along with years of experience in child protection practices within the church, to provide an easy-to-use plan to guard both the church and the children it serves. **It is our responsibility to do so. No one can hope to disciple the rising generation without providing a safe place for children to grow physically, emotionally, and spiritually.** This most recent edition of *Safe Place* is designed to do just that. . . . It reflects current law in the United States relating to non-profit and religious organizations as well. There is no better resource available.”

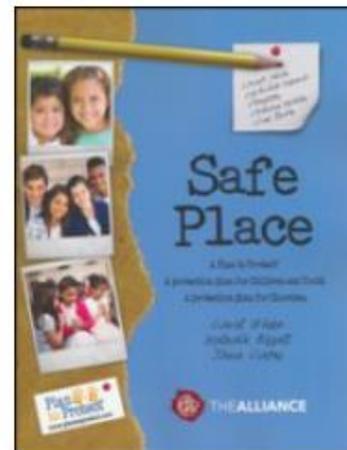

I strongly encourage you to purchase a copy for your church and make it a part of your congregation’s ministry. To aid you in this effort, the district is offering a rebate of \$40 to each church which purchases a copy of the newly revised *Safe Place*. Please see the instructions below.

In Christ,

David A. Nagel
District Superintendent
